

Tips for Youth Engagement!

Step #2: Provide Information in Youth-Friendly Ways

- Have meetings in accessible locations, both virtually and in-person.
- Design clean, helpful, easy to read materials.
- Use appropriate language. Don't talk down to youth, but don't use unfamiliar acronyms or complex jargon, either.
- Use social media to outreach directly to a youth audience.
- Pro-tip: Take your outreach to the next level and try platforms like Instagram, Tiktok, and Discord.
